Seville is one of the most popular cities in Europe for both international travellers and students. That's no surprise!

The capital of Andalusia preserves one of the best conserved and most colorful historic centres in the world. Here you will embark on a journey through various centuries and cultures.

ENJOY

Experience a flamenco show at a Flamenco Tablao, stroll along the Guadalquivir river or get lost in one of the streets of the city centre.

Some of the most visited monuments in Seville are the Cathedral, the Giralda tower, the Gold Tower or the Maestranza bullring.
